Under the aegis of

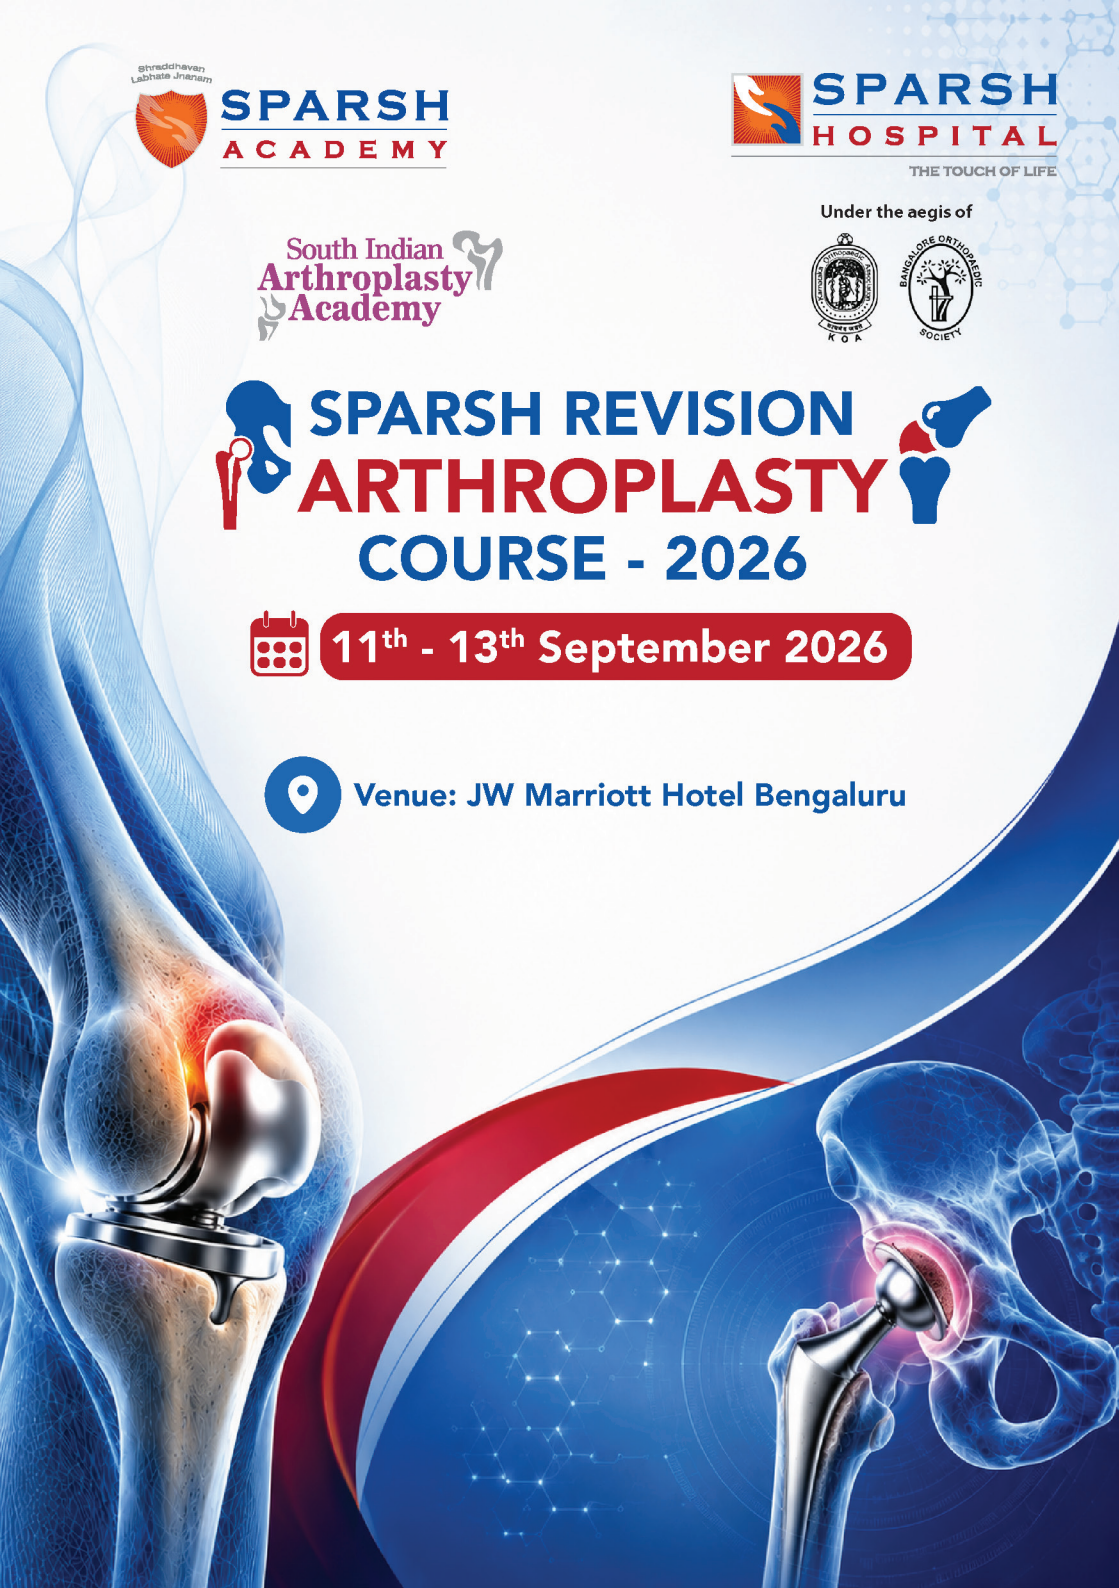

SPARSH REVISION **ARTHROPLASTY** **COURSE - 2026**

11th - 13th September 2026

Venue: JW Marriott Hotel Bengaluru

Dr. Sharan S Patil

Chairman and Managing Director
SPARSH Group of Hospitals

Course organizing Secretary
Dr. Ravikumar Mukartihal

Course Coordinator
Dr. Shrishti S Patil

Greetings from

SPARSH Group of Hospitals

It gives us great pleasure to invite you to the **SPARSH Arthroplasty Course - 2026**. It is a focused meeting with the objective to gain deep insights into complex primary, revision hip & knee replacement. The faculty are some of the strongest opinion makers and incisive thinkers in the field of arthroplasty.

International Faculty

Dr. Neil Sheth, USA

National Faculty

Dr. Suryanarayanan P

Dr. Vijay C Bose

**Dr. Anil Thomas
Oommen**

Dr. Anoop Jhurani

Dr. Ashok Kumar P S

Dr. Bipin Theruvil

Dr. D Soundar Rajan

Dr. Dhanasekara Raja P

Dr. Kalaivanan K

Dr. Kishore Karumuri

Dr. Krishna Kiran E

Dr. Kushal Hippalgaonkar

Dr. Narayan Hulse

Dr. Raja Bhaskara R

National Faculty

Dr. Rajashekhara K T

Dr. Rajkumar Natesan

Dr. Ratnakar Vecham

Dr. Sharath K R

**Dr. Shubranshu S
Mohanty**

Dr. Srinivas JV

Dr. Sunil Gurpur Kini

Dr. Vaibhav Bagaria

Course Structure

Each Module Consists of

Keynote Lecture

2 Live Surgeries

Panel Discussion

Modules

18 Live Surgeries

01

Infected Revision Knee Replacement

Watch experts tackle infection where every decision matters. From explantation to reconstruction, witness the complete strategy unfold live in the operating room.

02

Infected Revision Hip Replacement

No edited videos. No shortcuts. Just real-world infected hip revision surgery. See how experts make critical intraoperative decisions when the unexpected happens.

03

Aseptic Loosening – Knee Replacement

Loose implant. Bone loss. Complex reconstruction. Watch masters restore fixation and stability in a challenging revision knee—live and unfiltered.

04

Aseptic Loosening – Hip Replacement

Every loose hip presents a unique challenge. Experience live surgical solutions for bone loss, fixation, and reconstruction from surgeons who do it routinely.

Modules

18 Live Surgeries

05

Difficult Primary Knee Replacement Requiring Revision Implants

When a primary knee demands revision-level thinking. Watch how complex deformities and severe bone defects are managed using advanced revision techniques.

06

Difficult Primary Hip Replacement Requiring Revision Implants

Some primary hips test even the most experienced surgeons. Witness live strategies for managing difficult anatomy, severe deformity, and unexpected challenges.

07

Failed Osteosynthesis of the Hip (THR)

The ultimate salvage procedure—performed live. See how failed fixation is converted into a successful hip replacement, step by step.

08

Failed Osteosynthesis of the Knee (TKR)

When fixation fails, arthroplasty becomes the solution. Watch experts navigate complex trauma sequelae and restore mobility through live surgery.

09

Robotic Revision TKR

Can technology improve revision outcomes? See it for yourself. Experience the power of robotics in planning, balancing, and executing a complex revision knee replacement.
